SPONSORSHIP AND EXHIBITION PACKAGES FOR ROTRIB'19

The 14th International Conference on Tribology
September 19-21, 2019 – Cluj Napoca, ROMANIA

organized by

TECHNICAL UNIVERSITY
OF CLUJ-NAPOCA

Romanian Tribology
Association

A Conference Focused on Tribology

ROTRIB'19 is the 14th Conference organized in Romania in a series of international scientific events on TRIBOLOGY. The general objective of this conference is to bring scientific contributions to fundamental and applied Tribology. The event will provide an interdisciplinary forum for discussions & networking and will also aim to initiate collaborations among specialists. These collaborations will be focused on materials in Tribology and their real life applications in product design and reliability. Another key goal of this conference is the exchange of ideas and theories on new research methods and future trends. This will be achieved by bringing together specialists from various industries and academic backgrounds and leading researchers from diverse environments and scientific fields.

Topics for Real World Applications

1. Friction and Wear
2. Contact Mechanics
3. Biotribology, tribology in medicine
4. Micro and nanotribology
5. Lubricants
6. Lubrication
7. Tribochemistry and tribocorrosion
8. Tribology of machine elements
9. Tribology in manufacturing processes
10. Surface metrology, surface engineering and coatings
11. Emerging technologies and industrial tribology
12. Condition monitoring

International Coverage and Notoriety

At ROTRIB'19 you will get the opportunity to present your company and offerings to internationally known experts coming from the following countries:

Austria	France	United States of America
Belgium	Moldova	Hungary
Bulgaria	Norway	Italy
Belarus	Poland	Slovenia
Canada	Romania	Sweden
China	Serbia	Kazakhstan
Great Britain	Switzerland	Russia
Germany	Turkey	Estonia
Greece	Portugal	

Sponsorship Packages

	Package 1	Package 2	Package 3	Package 4
Company name, logo and web address on conference website and printed conference materials.	✓	✓	✓	✓
Acknowledgement during the Opening of the conference.	✓	✓	✓	✓
One full delegate place for the conference and conference Gala Dinner.		✓	✓	✓
Roll-up banner displayed at the reception or at the exhibition stand (to be provided) .		✓	✓	✓
Corporate literature inserted into conference bag (max. A4, max. 6 pages) or presented to the exhibition stand.	✓	✓	✓	✓
Extra Delegate person (non-presenter).			✓	✓
A5 color advertorial insert in the delegate packs.			✓	✓
Acknowledgement during Gala Dinner.			✓	✓
One exhibition stand at the conference location.			✓	✓
Extra exhibition space to accommodate your needs.				✓
The opportunity to provide the dinner guests with a branded corporate gift.				✓
The opportunity to present your company to the presidium.				✓
	€ 175	€ 325	€ 725	€ 1150

Other Ideas

Make us an offer! If you can think of a sponsorship idea that we have not offered but you would like, get in touch. We will do all we can to make it possible.

Location and Venue

Located in the heart of Transylvania, in a picturesque area, Cluj-Napoca has a special charm, given by the 2000 years history, the geographical location and the people, because here, time flows differently, and the people take the time to say hello to each other, to walk between the boomed trees in the Botanical Garden, to watch the reflection of the sun beams in the twin buildings on the Mirror Street, to smile and to invite you to discover the local culture and traditions.

Ancient culture and civilization center, Cluj is known from Roman times, when it was named Napoca and became one of the main settlements of the Daco-Roman Province. Its importance was maintained in the medieval period when Cluj became part of the seven cities that gave the German name of Transylvania: Siebenburgen.

Today, Cluj-Napoca is the country's second largest city, located in the center of Cluj County and covers an area of about 180 km² on Somesul Mic and the Nadas Valley, with extensions on the secondary Valleys of Popesti, Chintau, Borhanci and Popii. In the south, it occupies the space of the upper terrace on the north side of Feleacu Hill. Surrounded on three sides by hills with heights between 500 and 700 meters, it has the appearance of a real fortress.

The Technical University of Cluj-Napoca, an "Advanced Research and Education University" as awarded with the Order of the Ministry of National Education no 5262/September 5th 2011, is today a tertiary educational institution having both tradition and national and international recognition. The educational offer, aligned to the Bologna system, includes bachelor's, master's and doctoral programs, as well as continuous training programs. The fields of study have a wide range, from engineering to architecture, fundamental sciences, socio-human sciences and arts.

Day trips to Valea Fizesului – "the Unknown Delta of Transylvania", Banffy Castle – "the Versailles of Transylvania" and Nicula Monastery will be organized on Sept. 21, 2019.
